Fair Share IT Services Private Limited provides software and Japanese translation services. We provide services to clients in India, US, Canada and Japan. We have two branches in Pune.

The Founders and Directors of Fair Share are Aniruddha Pimpalkhare and Prachi Pimpalkhare. They have lived in Japan for more than 15 years.

Aniruddha is an M. Tech from IIT Bombay. He worked with TCS, Lehman Brothers Japan and Citigroup Japan. He has more than 26 years of experience in IT.

Prachi is an engineer by education (B.E. Electronics and Telecommunication) but she developed a keen interest in Japanese language during her 15 year stay in Japan. She passed her JLPT N1 during her stay in Japan. She and her team of four translators are currently working for two companies. They also teach Japanese at various levels to around hundred active students in multiple batches. Prachi is also a visiting faculty at Tilak Maharashtra Vidyapith's Japanese BA course. You can find detailed information about Japanese classes and IT company here:
